*Express Entry Program – How it works*

*Express Entry Program – How you could make it*

### **EXPRESS ENTRY PROGRAMME**

In January 2015, Citizenship and Immigration Canada (CIC) will launch a new electronic system called Express Entry to manage applications for permanent residence. Canada needs high levels of immigration to meet current and future labor market needs, which will ensure our economic growth and long-term prosperity.

Express Entry will allow CIC to actively recruit, assess and select skilled immigrants under federal economic immigration programs i.e. the Federal Skilled Worker Program.

The Express Entry system will involve the following steps:

- Potential candidates will complete an online Express Entry profile where they will provide information about their skills, work experience, language ability, education, and other details.
- Those who meet the criteria of federal economic immigration program subject to Express Entry will be placed in a pool of candidates.
- There are three situations to get faster "ITA" to become Permanent Resident in fastest possible time frame:
  1. Meet CRS score cut off of Government
  2. Job offer through Governments manager "Job Bank" (You will get access)
  3. Nomination by a Province.
- Applicants to the program without a job offer from a Canadian employer will be required to register with the newly upgraded Canada Job Bank. The Job Bank is a platform where individuals can post their credentials and Canadian employers seeking workers can search for an applicant who meets the requirements of their position in order to offer them a job.

- Application which is selected by an employer (employers will be required to obtain a Labor Market Impact Assessment from Employment and Social Development Canada.) through the Job Bank will receive an "Invitation to Apply," and will have 60 days to apply for permanent residence.
- The successful candidate will then apply for permanent residence under the Federal Skilled Worker program.
- After an individual has received an Invitation to Apply (ITA), Citizenship and Immigration Canada (CIC) has committed to processing these applications in six months or less.
- Express Entry will result in faster and more efficient service to potential skilled immigrants. It will also allow the Government of Canada to be more flexible and responsive to Canada's changing economic conditions and priorities.

### **EXPRESS ENTRY PROGRAMME**

GOSPEL IMMIGRATION help aspirant clients to get their Canadian Permanent Residency Visa through Express Entry Program with preparation of resume marketing in Canadian job portal for below economic programs:

- The Federal skilled Worker Program (FSWP)
- The Federal Skill Trades Program (FSTP)
- The Canadian Experience Class (CEC)
- Provincial Nominee Program (PNP)

The Express Entry system is defined by CIC – creates a pool of candidates for immigration to Canada who are eligible under the below listed programs shortlisted for immigration:

Candidates and/or their spouse (if applicable) are primarily assessed based on Comprehensive Ranking System (CRS) based on number of factors that include Age, Work Experience, Education and Language Abilities. The highest-ranking candidates are invited to apply to immigrate to Canada through a formal invitation known as ITA.

#### **FSWP:**

Federal Skilled Worker Program (FSWP) issues invitations to apply for permanent residence under the Express Entry system for the applicants having at least 468 points on 23rd DEC 2020, these points change with each draw.

#### **FSTP:**

Federal Skilled Trades Program (FSTP) is for the people who want to become permanent residents based on being qualified in a skilled trade. Applicants should have an offer of full time employment for a total period of at least one year or a certificate of qualification in that skilled trade issued by a Canadian provincial or territorial authority.

CEC:

Canadian Experience Class (CEC) is for people who have at least 12 months of full time( or an equal amount in part time) skilled work experience in Canada in the three years before you apply for Immigration.

PNP: Most of the Provinces and Territories in Canada can nominate immigrants through the Provincial Nominee Program. Under the Express Entry system for the applicants having at least 374 points on 20th JAN 2021, these points change with each draw. **CRS score of lowest-ranked candidate invited: 741**

(PNP). These immigrants must have the skills; education and work experience to contribute to the economy of that province or territory, and must want to live there.

Each province and territory has its own “streams” (immigration programs that target certain groups) and criteria for their PNP. For example, in a program stream, provinces and territories may target students, business people, skilled workers or semi-skilled workers. Provinces such as OINP, SINP, NSNP. As mentioned below.

Ontario Immigrant Nominee Program (OINP) issues invitations for the applicants having a minimum 400-465 point under Ontario’s Express Entry Human Capital Priorities Stream.

Saskatchewan Immigration Nominee Program (SINP) under International skilled worker in an occupation in-demand issues invitations for the applicants having min 60 points under SINP point assessment grid.

Nova Scotia Immigration Nominee Program (NSNP) under Nova Scotia Demand - Express Entry issues invitations for the applicants having min 67 points under NSNP point assessment grid.

\*Additional 600 Points can be claimed for Provincial Nomination certificate and/ or Arranged Offer letter from the Employers through Job Bank Portal which is subjected to CIC.

**Immigration rules are subject to change without prior notice for different Provincial Nominee Program, Kindly check with your Immigration Consultant on your eligibility and more information.**

This long-awaited program aims to make immigration faster, more efficient and result in satisfied employers and applicants. At this time, the program appears to be making Canada an option to a greater number and variety of skilled workers who are interested in immigration to Canada. We encourage anyone who is interested in the program to keep the documents ready and be the first to file the application when the program opens.

Note: Optional PNP step will not come in to picture if you get direct ITA with high score. Govt of Canada declares required points on regular basis through draw based on needs. Govt of Canada and rule have not declared any specific/generic ranking score as enough or required score to get direct ITA, because many people with lower score may also improve score through eligible "Job offer", PNP or other factors. Usually Provincial Nomination programs PNP, have limitation of settlement and are independent with its own full assessment, agreement, consulting fee, Provincial Govt fee etc. This assessment is not declaring you eligible for any PNP because PNP eligibility is very complex and uncertain due to eligibility-quota-experience-submission restrictions etc..

After our clients complete Milestone 1 & 2, we offer Free review service once every few months to look for any PNP possibility, subject to our resources, staff and eligibility-quota-experience- submission restrictions etc.

Job Bank is official Govt of Canada managed Job bank portal for Canadian Citizen/PR connected with genuine Canadian Employers. Candidates once placed properly in Express Entry pool, gets special access to Govt of Canada managed Job bank to apply jobs in Canada even before becoming Permanent Resident. Govt have also fully waived Fee which they use to charge Employers in Canada for eligibility check of such "Job offer" which improves ranking score of Express Entry pool candidates.
